President's Report

For the second year running I am pleased to announce a record profit of \$1.25m for the 2014-2015 financial year. This result has been achieved by a team effort of our management, staff, and directors of the club.

While we are mindful of our debt, we are also focused on improving the facilities of the club and in the past twelve months we have completed a number of projects which include –

- New fleet of vehicles. (including two courtesy Buses)
- Purchased new Poker Machines.
- Installed security gates for the holiday park.
- Installed a new cabin in the holiday park.
- Built a new conference room for meetings.
- Built a store room in La Porchetta Restaurant.
- Upgraded the outdoor gaming area.
- Sealed the car park in front of Lake Edge Resort.
- Installed new irrigation system on the harbour side of the club.
- Dredged the harbour to deepen and clean out the lagoon.

Once again the Mulwala Water Ski Club have been proactive in entertainment and events to bring people to

our two towns. This year we held the Red Hot Summer Tour, Family Carnival, F1 boat racing, Ski Shows, Fire Works, Ski Clubs Got Talent and numerous big bands throughout the year.

Our ski team have had another amazing year by winning the National Show Ski Championships held at Patterson Lakes in Victoria, and our ski pro Peter O'Neill winning his tenth National Barefoot title. This combined with twelve ski shows over summer and going to China in May to perform ski exhibitions has proven to be a very successful year. Congratulation to Peter O'Neill, Brant Ryan and the team on a great year.

Over the last five years the club has seen an increase in profit year on year and this could not have been achieved without a lot of effort and a proactive approach from our staff, management and the board. Finally I would like to thank the members of the club who have continued to support us which has enabled the club to record these profits.

Len Langford
President

Chief Executive Officer's Report

This year has seen the club record a profit of \$1.25m which is up on last year's profit of \$1.14m, an increase of \$104K and a new record for the club. We have continued to grow the business in all areas of the club and at the same time reduce our debt and improve facilities of the club.

Sales in all sectors have increased for the fourth consecutive year: bar 10%, gaming 4%, holiday park 7% and coffee shop 26%. This indicates that we are providing what our customers want and we will continue to explore the market to meet the needs of our customers.

We have continued to monitor our expenses with major items such as wages increased by 2.18% which is under CPI of 3%, interest on loans decreased by \$46K, Power decrease by \$50K. Areas such as entertainment, security and advertisement have slight increases.

The debt of the club continues to fall and we are on target to be debt free by December 2017. The current debt stands at \$2.42m as of 30th June 2015. This is a great result as we have also paid off the gaming system debt over three years of \$750k as of 29th August 2015. Capital expenditure this year has been over \$1.7m with major improvements being new security gates in the holiday park, new cabin in the holiday park, gaming machine

purchases, sealing of the car park in front of Lake Edge and a new fleet of vehicles including two courtesy buses.

Our ski team has once again performed well and it was a real pleasure to watch them perform and win the National Show Ski Championship at Patterson Lakes Victoria. Well done to Pete O'Neill, Brant Ryan and the ski team. Pete O'Neill must also be congratulated on winning his tenth National Barefoot title this year, a great achievement.

Going forward we will continue to focus on reducing debt, however we are also mindful of the need to continually improve the facilities of the club and some of the projects we are looking at include –

New chairs for the lounge, new front entrance, new Malibu Deck Bar, boutique bar, glycol system for the bar, and new cabins for the holiday park.

Finally I would like to thank the staff, managers, and directors of the club for your efforts which made this result possible. Also to our members for your support to the club and the feedback given throughout the year.

Bingo Report

Hello again to all Bingo Players!

Well! Another year is over and we are getting bigger (more games). This year, we unfortunately lost another couple of regulars who will be sadly missed.

We also introduced 2 new sessions on Wednesday and Thursday mornings with the opportunity to play books of 6 which is proving popular.

We will continue to look at ways of improving what we do in regards to bingo and will be asking for input.

Anyway, let's look forward to the coming year and have as much, if not more fun than ever

Thank you
Phil (Phab) and crew

Water Ski Co-ordinators Report

Hey Skiers.

The ski seasons are getting better and better and The Mulwala Waterski Club was well represented through the disciplines. The Three-Event Nationals Championships and the Barefoot National Championships were both held at the Max Kirwan Ski Park with skiers from the Mulwala Water Ski Club performing well in both many winning medals and even bringing in titles of National Champion. The National Show Ski Championships held in March were also a success for the club with Mulwala coming in first with the Pirates of Lake Mulwala Ski Show

The ski show in front of the club was another big success with great crowds and a really good atmosphere.

The juniors coming through the ranks and progressing into the national team was very promising to see.

Member skiing has again been well attended with lots of skiers getting valuable time on the water and learning new skills.

As we head into the next season we may see a lot of skiers heading of to world titles and hopefully bringing back some hardware to fill the cabinet.

Pete O'Neill
Water Ski Co-ordinator

The financial statements, except for cash flow information, have been prepared on an accrual basis and is based on historical cost and does not take into account changing money value, or except where stated, current valuation of non-current assets. Cost is based on the fair values of the consideration given in exchange for assets.

Adoption of New & Revised Accounting Standards

In the current year, the Company has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (the AASB) that are relevant to its operations and effective for annual reporting periods beginning on 1st July, 2014. The adoption of these new Standards and Interpretations has not resulted in any changes to the Company's accounting policies that have affected the amounts reported for the current or prior years.

Compliance with IFRSs

As Mulwala Water Ski Club Ltd is a Not-For-Profit entity it is not required to comply with all International Financial Reporting Standards (IFRSs). The Financial report of the Mulwala Water Ski Club Ltd is prepared in accordance with Australian

Equivalents to International Financial Reporting Standards applicable to Not-For-Profit entities.

Early Adoption of Accounting Standards

The company has not elected to apply any pronouncements before their operative date in the annual reporting period beginning 1st July, 2014.

Critical Accounting Estimates

The preparation of financial statements in conformity with AIFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Company's accounting policies. There are no areas that involve a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements other than those described in following accounting policies.

Comparative Figures

Where required by Accounting Standards comparative figures have been adjusted to conform with changes in presentation for the current financial year.

b) Inventories

Inventories are measured at the lower of cost and net realisable value. Costs are assigned on the first in first out basis and does not include any element of fixed or variable overhead. Net realisable value is determined by reference to current selling prices of the various stock lines.

c) Property, plant and equipment

Property, plant and equipment are brought to account at cost or at independent Director's valuation, less, where applicable, any accumulated depreciation or amortisation. The carrying amount of property, plant and equipment is reviewed annually by the Directors to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows which will be received from the asset's employment and subsequent disposal. The expected net cash flows have not been discounted to their present values in determining recoverable amounts.

The club has determined that it is a not for profit entity for financial reporting purposes. In this regard, when performing an impairment test for buildings, the company has utilised the provisions relating to determining 'value in use' by way of depreciated

Notes to and forming part of the Accounts

For the year ended 30 June 2015

replacement cost. The Directors of the club are satisfied, based on the depreciated replacement cost assessment performed at 30 June 2015 the buildings are not impaired.

Depreciation

The depreciable amount of all fixed assets including building and capitalised lease assets, but excluding freehold land, is depreciated on a straight-line basis over their useful lives commencing from the time the asset is held ready for use.

Leasehold improvements are amortised over the shorter of either the unexpired period of the lease or the estimate useful lives of the improvements.

The gain or loss on disposal of all fixed assets, including revalued assets, is determined as the difference between the carrying amount of the asset at the time of disposal and the proceeds of disposal, and is included in operating profit before income tax of the company in the year of disposal.

The depreciation rates used for each class of depreciable assets are:-

	2015	2014
Buildings	2.50%	2.50%
Plant & Equipment	5% - 30%	5% - 30%
Leased Plant & Equipment	5% - 30%	5% - 30%

d) Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not the legal ownership, are transferred to the company are classified as finance leases. Finance leases are capitalised, recording an asset and a liability equal to the present value of the minimum lease payments, included any guaranteed residual values. Lease assets are amortised on a straight-line basis over their estimated useful lives where it is likely that the company will obtain ownership of the asset. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period. Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

e) Employee Provisions

Provision is made for the company's liability for

employee benefits arising from services rendered by employees to the end of the reporting period. Employee provisions that are expected to be settled within one year together with benefits arising from wages and salaries, annual leave and sick leave which will be settled after one year, have been measured at the amounts expected to be paid where the liability is settled plus related on-costs. Other employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits. In determining the liability, consideration is given to wage increases and the probability that the employee may not satisfy vesting requirements. Those cash outflows are discounted using market yields on national government bonds with terms to maturity that match the expected timing of cash flows attributable to employee provisions.

Contributions are made by the company to employee superannuation funds and are charged as expenses when incurred.

The company does not record, as an asset or liability, the difference between the employer established defined benefit superannuation plan's accrued benefits and the net market value of the plans assets.

f) Intangibles - Goodwill

Goodwill is initially recorded at the amount by which the purchase price for a business exceeds the fair value attributed to its net tangible assets at date of acquisition. Purchased goodwill is amortised on a straight-line basis over the period of 20 years. The balance is reviewed annually and any balance representing future benefits for which the realisation of which is considered to be no longer probable are written off.

g) Income Tax

The company has sought legal advice as to its liability to income tax under Division 50 of the Income Tax Assessment Act 1997. In view of the advice received, the Directors have resolved to self assess as being exempt from income tax.

h) Goods & Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the

Notes to and forming part of the Accounts

For the year ended 30 June 2015

Australian Taxation Office. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of expense.

Receivable and payables are state inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the statement of financial position.

i) Cash

Cash and cash equivalents comprise cash balances, call deposits and highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk in change in value. Bank overdrafts that are repayable on demand and form an integral part of the club's cash management are included as a component of cash and cash equivalents for the purpose of the statement of cash flows.

j) Revenue

Revenue from the sale of goods and services is recognised upon the delivery of the goods and services to the customers.

All revenue is stated net of goods and services tax (GST).

Interest income is recognised as it accrues at the current interest rate.

k) Impairment of Assets

The impairment of assets is determined by the recoverable amount of an asset, being the higher of fair value, less costs to sell, compared to the assets current book written down value amount, the reduction is an impairment loss.

The Accounting Standard excludes non cash flow assets used by not for profit organisations but does not include assets which generate cash flows.

The Accounting Standard requires an entity to make a formal estimate of the assets values where there are indication that an impairment loss has occurred. The directors are satisfied that there are no indications of an impairment loss and accordingly no formal estimates have been undertaken.

l) Accounts Receivable and other Debtors

Accounts receivable and other debtors include amounts due from members as well as amounts receivable from customers for goods sold in the ordinary course of business. Trade and other receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets stated at their cost less impairment losses. Receivables are due for settlement no more than 30 days from the date of recognition unless specific arrangements have been approved.

m) Accounts Payable and Other Payables

Accounts payable and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the company during the reporting period which remains unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

n) Compliance with AIFRS

Australian Accounting Standards include Australian equivalents to International Financial Reporting Standards. Compliance with AIFRS ensures that the company financial statements and notes comply with International Financial Reporting Standards (IRFS).

In preparing the financial report the company has elected to apply options and exemptions available within AIFRS that are applicable to not for profit entities.

o) Economic Dependence

The company is not dependent upon any entity or event.

The company has determined that it is a not-for-profit entity for financial reporting purposes. In this regard, when performing an impairment test for buildings, the club has utilised the provisions relating to determining 'value in use' by way of depreciated replacement cost. The Directors of the company are satisfied, based on the depreciated replacement cost assessment performed at 30 June 2015 the buildings are not impaired.
